

# They ALL Lied.

**DICK  
LIED.**

**“Simply stated, there is no doubt that Saddam Hussein now has weapons of mass destruction.”**

—Speech at VFW 103rd Natl. Convention, Aug. 26, 2002

(There were numerous doubts. Cheney met secretly with the CIA to pressure them into producing intelligence that would justify invading Iraq.)

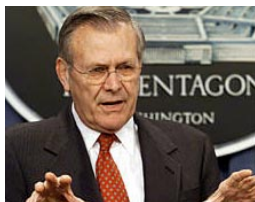

**COLIN  
LIED.**

**“On the left is a close-up of one of the four chemical bunkers. The two arrows indicate the presence of sure signs that the bunkers are storing chemical munitions.”**

—Remarks to the United Nations, Feb. 5, 2003

(The bunkers were not storing chemical munitions. No stockpiles of banned weapons have been found in Iraq.)

**DONALD  
LIED.**

**“We know that [Saddam] has an active program for the development of nuclear weapons.”**

—Interview with Infinity-CBS Radio, Nov. 14, 2002

**“We know where [the weapons] are.”**

—This Week with George Stephanopolous, ABC, Mar. 30 2003

(They “knew” nothing of the kind.)

**CONDI  
LIED.**

**“In retrospect, knowing that some of the documents... were, indeed, forgeries...had we known that at the time, we would not have put it in. And had there been even a peep that...the director of Central Intelligence did not want it in, it would have been gone.”**

—Face the Nation, CBS, July 13, 2003

(The director of Central Intelligence had written Ms. Rice in October 2002 that the claim was in doubt. CIA Director Tenet also called Ms. Rice’s deputy to warn against using the claim. They used it anyway to bolster their case for a war.)

**DUBYA  
LIED.**

**“The British government has learned that Saddam Hussein recently sought significant quantities of uranium from Africa.”**

—State of the Union Address to Congress, Jan. 28, 2003

(Bush had been told the Niger uranium claim was in doubt, but needed to justify invading Iraq. Our government misled the British government.)

Lying to congress is a felony. Starting a war on false pretenses against a country that didn't attack us is even worse. Hundreds of our soldiers are dead as a result of this deliberate campaign of misinformation.

The Republicans in congress think this is all just fine, and refuse to acknowledge the obvious pattern of deception. Let's vote them out in November—the people who did these things and those who protect them.
